

Short-term Rental Space Available.

We plan to lease out this entire space in the future, but currently, it's open for individual events such as meetings, parties, and similar activities. The spacious room can accommodate groups of 50 to 60 people. The smaller rooms are suitable for meetings. Please refer to the floor-plan below.

Special Features: free parking; free use of adjacent staff coffee nook and washrooms; air conditioned and carpeted space.

The matter of liability insurance is a critical aspect of all our rentals. City View United Church requires proof of insurance before formalizing any rental contract.

Interested tenants are asked to view space by appointment. The renter will have a pre-use-inspection of the space, and see what bathrooms can be used. Any damage noted during the pre-use-inspection will be noted on the rental form and initialed by the renter and the office administrator.
